

Temporal Artery Instant Thermometry

Three good reasons for hospital wide use

1. Lowest Cost System

First thermometer to eliminate disposable covers
- use like a stethoscope

- Reduce thermometry cost by 90%
- Reduce associated waste by 90%

2. Highest Accuracy

More accurate than ear
- Harvard Medical School study

At least as accurate as rectal
- Hospital for Sick Children study

As accurate as a PA thermistor
- Massachusetts General Hospital study

3. Most Liked by Patients

- Most comfortable thermometer
- Least invasive thermometer
- Home models available at retailers
